

# Wyomissing Area School District

630 Evans Avenue, Wyomissing PA 19610

## Superintendent Goals

Robert L. Scoboria

January – June 2018

### **Strengthen Organizational Leadership**

- Recommend and implement process for development of District Comprehensive Plan to include extensive stakeholder involvement and use of data
- Facilitate stakeholder input opportunities for development of District Comprehensive Plan
- Recommend changes to District Organizational Chart

### **Continue to Demonstrate Student Growth and Achievement**

- Evaluate all intervention and student support services and share recommendations to address District needs
- Update and monitor curriculum revision plan / schedule to include all grade levels and subject areas
- Continue development of District STEAM initiative including curricular alignment, instructional space recommendations at three buildings, facility improvements, staff development, community involvement, community financial support and material resources
- Develop initiative to begin evaluation, identification and implementation of educational opportunities for students, staff and community members related to WASD diversity
- Facilitate development of Special Education Plan to include Department goals

### **Ensure District Facilities, Operations and Financial Management Meet District Needs**

- Begin process of evaluation of District technology support services
- Analyze need for and facilitate discussions regarding a District feasibility study
- Implement use of Forecast5 to provide District financial information and education for stakeholders
- Evaluate Human Resource functions and develop plan to strengthen key areas

### **Establish and Strengthen Communications and Community Relations**

- Develop District Communication Plan
- Develop a community newsletter with recommendation to share with all District stakeholders
- Strengthen use of social media and District website content to expand reach of District communications
- Explore development of strategic business-education partnerships to benefit WASD students and staff
- Initiate student representatives to School Board and strengthen collaboration with the Berks Career and Technology Center
